

# Bassy's Barn

Community Interest Company 15329040

A Local Community Project for SEND Children  
and their families - one family at a time

## What do we offer

Bassy's Barn is a family run small holding, run exclusively for the use of SEND children and their families.

Our aim is to give the experience of a petting farm, without the challenges of over stimulation faced by highly sensitive children. We have miniature farm animals, in a quiet, safe, and secluded setting, Alton, Hampshire, in the heart of the South Downs.

As a community organisation the visits are free of charge.

Bassy's farm is run as a community project, and free to visit. Each visit is tailored to the needs of the individual family, and therefore we work on a 'one booking at a time' policy. The farm is not open to the public.

To enable flexibility for a time suitable to the family, we are open to visit 6 days a week (closed Wednesday's)

## As a Partner/ sponsor/ donor, what can we offer for you?

1. Make a public 'thank you' on our social media pages for your support and share with all our connections. Between Bassy's Barn Group of connections, we have a very large social media following, which will be great advertising for your business.
2. Provide approved photography for you to use your social media pages.
3. Allow you an on-site visit for a photo session with a consenting family or individuals, to support how you as a business are actively supporting the community.
4. Put your business name up in the Barn, or on a tree to recognise your support for all visitors to see.
5. We can offer you a corporate volunteer day to help out with maintenance and repairs, when there are no clients booked, for you to create a business case study to highlight how you support your community by supporting Bassy's Barn CIC.
6. Or, if you prefer, we can honour your privacy and keep your support confidential

## How can you help?

1. Make a donation to Bassy's Barn
2. Make Bassy's Barn your 'Charity of the Year'
3. Support us with raising funds for ongoing projects and running costs
4. Provide materials and manpower for ongoing projects
5. Provide required trees and plants to be planted at Bassy's Barn, to help offset your business carbon footprint
6. Share your support for Bassy's Barn through your website and social media, getting the word out about how we can help families of SEND and how the community can help us.
7. Ask your suppliers and connections if they would be willing to support Bassy's Barn and introduce them to us.

Every donation helps Bassy's Barn to be accessible  
and FREE to those who need our help

Every donation and partner is valuable

Every donation and partner will make  
a difference to families of SEND that need support.

## Here are just a few projects we are currently raising funds for:

1. Basic Running Costs £10k per year
2. A vet, feed, care and habitat maintenance fund for our wonderful animals, who are helping local families - any amount will help
3. Equipment for volunteer days as we have a limited supply
4. Solar panel and installation for an off grid electrical supply
5. Barn completion, and to add a disabled toilet facility with drainage £30k
6. Drainage for around the wilding pond and barn area 30k (approximately)
7. Trees and plants and the planting - any amount will help

Thank you, in advance for your support.
